

Fishing Tournament March 28-29, 2026

Target Species

Redfish

Snook

Spotted Seatrout

Tournament Format

Teams

The tournament will be fished in teams comprised of 2 anglers. An individual angler may register as a single team if desired. Multiple teams are allowed to fish from the same vessel. All anglers must have a proper fishing license for the State of Florida. No professional fishing guides are allowed to participate.

Fishing Methods

Participants will fish using hook and line only. Absolutely no cast netting. Live bait and artificial lures are allowed. This is a catch and release tournament, so please handle the fish appropriately.

Boundaries

The fishable water for the Safety Harbor Slam includes all waters in Old Tampa Bay, North of the Howard Franklin Bridge. No fish submitted for scoring may be caught outside the waters highlighted in blue on the map. Anglers may not engage in fishing on the Southside of the Howard Franklin Bridge.

Scoring

Fish length must be photographed using the iAngler Tournament App. Make sure the photo is taken directly above the fish. The measurement will be rounded down to the nearest quarter inch.

Do not pinch the tails of the fish in the measurement photo.

Your single longest measuring fish from each category (Redfish, Snook, Trout) will be totaled to achieve your final score. If you do not make a submission for a species, that will result in a score of zero for that category.

Example 1: 22" Redfish + 26" Snook + 17" Trout = Final Score of 65"

Example 2: 19.25" Redfish + 0 (no Snook submitted) + 20" Trout = Final score of 39.25"

In the event of a tie, whoever logged the fish the earliest wins the tie breaker. No submissions after the cutoff time.

*****Catch Submission*****

We are utilizing the iAngler Tournament app this year for scoring. Please make sure you have logged in on the iAngler app and understand how to submit your catch prior to the start of the tournament. Here is a video link with instructions to familiarize yourself with. <https://www.youtube.com/watch?v=UpczXkcfSeU>

Each team must submit their best fish from each category by 2:30pm on Sunday the 30th. Any fish submitted after the cutoff will not be eligible for scoring.

Prize Categories

Team Awards

Cumulative scoring – total of single largest fish submitted from all 3 species

- 1st Place
- 2nd Place
- 3rd Place

Single Angler Awards - Adults

- Longest Redfish
- Longest Snook
- Longest Trout

Single Angler Awards - Juniors

- Longest Redfish
- Longest Snook
- Longest Trout

Additional Information

Start & End Times

Saturday March 28th to Sunday March 29th @2:30pm. The tournament begins at sunrise and ends at sunset. **There is no night fishing allowed.** The time-of-day window for anglers to submit catch entries will be noted at the Captain's meeting.

Award Ceremony begins at 3pm Phillippe Park Shelter #5. Please refer to the red stars on the park map for reference.

Disqualification and Penalties

If unsportsmanlike conduct occurs, we reserve the right to disqualify a single angler or team.

The three members of the board have the final decision regarding any discrepancies with fish submitted for scoring.

To take action, all three members of the board must be unanimous in the decision.

Extreme Weather Scenario

While we hope our 2026 tournament weekend provides perfect weather conditions, we are at the mercy of mother nature. The Safety Harbor Slam reserves the right to postpone the tournament if weather conditions become unsafe. In the unlikely event that this occurs, the tournament will move to the weekend of **April 11th & 12th**.
